

**Public Relations: Covid-Era: News Releases:**

**July 2020** - announcing the names of three scholarship winners.

**October 2020** - that the Lodge continue its program of charitable giving despite not meeting and earning money because of COVID.

**December 2020** - that the Lodge collected and distributed Christmas gifts for Worcester County GOLD families.

**January 2021** - urging members to support businesses that had sponsored and advertised in the program for the postponed St. Joseph's Day Festival.

**April 2021** - Lodge luncheon held at Green Turtle West Ocean City.

Clippings of the various releases were seen in Ocean City Today, Ocean City Dispatch, The Courier, and Coastal Point. If in the upcoming year you see any stories about the Lodge in newspapers, please clip them and send to me or let me know you have seen them, when and where.

It has been rewarding for me, if not a challenge during COVID, to present you as your Public Relations person and I look forward to continuing in that role to promote the civic good that our Lodge does for the community.

Until September, then, *passa una buona estate*.
